Game Basics

Bet the Set "21"[®] is an exciting side bet for blackjack that considers the first two cards a player receives. If the cards are a pair or a suited pair, the player wins. The value of the player's hand is independent of the dealer's hand and is unaffected by the dealer's blackjack.

Playing The Game

1. To begin each round, players make their standard blackjack wagers and the *Bet the Set* wager.
2. The dealer then follows house procedures for blackjack.
3. Once each player has received two cards, the dealer settles all *Bet the Set* wagers according to house procedures. If a player has a pair, they win according to the posted payable. If a player's first two cards are not a pair, they lose.

Note: All bonus payouts apply to the player's first two cards only.

Paytable	Pays
Suited Pairs	15 to 1
